The Origin of Life Spiritual and Creation

Origin:

The probability of a singular energy, from which all living creation originated, which included therein both the Spiritual and Creation, exists as per our previous research.

Body Cell:

We have found the existence of this energy from the originating Body Cell, and within the progression of a living matter, as that within the Fibonacci Series, verified by our resolutions.

Notations:

We have previously found the following Constants of Nature:-

NC28 Energy of Creation, code is 142857

NC27 Binder

NC26 Energy of Spiritual, Code is 153846

Size:

We might try and calculate the size of the Energy which contains the Energy of Creation and the Spiritual, bound together, in relation to that of the Body Cell.

Firstly, we may use Nature's Constants and the base number 4.

Let us begin with a postulation of:-

$$-1,000,000 \div \text{NC26} = -38461.53846\mathbf{153846}\dots \times 4 = -153846.\mathbf{153846}\dots$$

$$-1,000,000 \div \text{NC28} = -35714.2857\mathbf{142857}\dots \times 4 = -142857.\mathbf{142857}\dots$$

$$-4,000,000 \div \text{NC26} = -153846.\mathbf{153846}\dots$$

$$-4,000,000 \div \text{NC28} = -142857.\mathbf{142857}\dots$$

If we now try:-

$$-2,000,000 \div 13 = -153846.153846\dots$$

$$-2,000,000 \div 14 = -142857.142857\dots$$

If we now try:-

$$-1,000,000 \div 6.5 = -153846.153846\dots$$

$$-1,000,000 \div 7 = -142857.142857\dots$$

(6.5 and 7 are NC26 and NC28 \div by base number 4)

From the above it would appear that:-

-1,000,000 is the size of the Energy which contains both Creation and Spiritual compared to that of the Body Cell.

Formation:

In the process of the Energy of Creation and the Energy of the Spiritual bonding together we have in previous research shown the mathematical bonding effected by NC27.

We will herewith calculate a bonding action.

$$\begin{aligned} \text{NC26} &= 153846 \div \text{NC28} = 5494.50 \div \text{NC28} = 196.23 \div \text{NC26} = 7.55 \\ \text{NC28} &= 142857 \div \text{NC26} = 5494.50 \div \text{NC26} = 211.33 \div \text{NC28} = 7.55 \end{aligned}$$

(However, the afore is more precisely:-

$$\begin{aligned} \text{NC26} &= 153846 \div \text{NC28} = 5494.50 \div \text{NC28} = 196.232142857... \div \text{NC26} = 7.54739010989... \\ \text{NC28} &= 142857 \div \text{NC26} = 5494.50 \div \text{NC26} = 211.32692307692... \div \text{NC28} = 7.54739010989... \end{aligned}$$

The process of cross bonding results in a unity balance of respectively 7.55, collectively 15.1.

In the first cross each resulted in $5494.50 \times 2 = 10989$, which is the difference between 153846 and 142857.

The unity found herewith results in adjustments to our Biological Clock, formula as in a previous paper.

With the two energy particles shown to have the identical base value of 7.55, and individually have the two capacities of spiritual and creation.

Then it is logical that each in their own capacity has a complete functional capability.

However, the interesting fact that they do have respectively a construction variation may result in multiple variations.

Visual:

It would be a great help if one could actually see this cross bonding.

In visual perspective we have:-

Beginning, Three Crosses, Ending.

Now perhaps if we look back far enough in time we might perhaps see an occurrence of a magnification of the process for such an action of forming of a Unity of Creation and Spiritual.

**Now, sensitive neutral atom detectors aboard IBEX produce global maps of a region ever six months.*

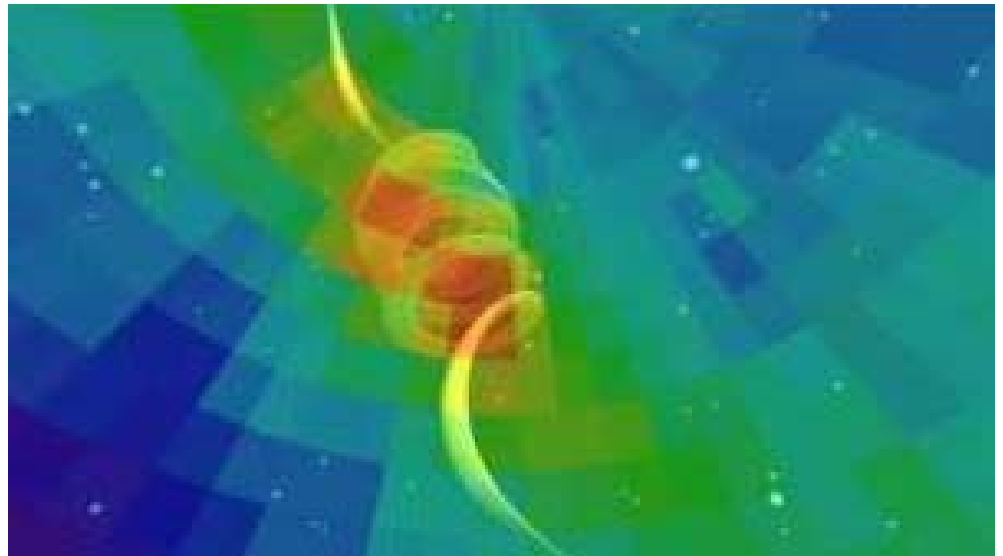

Analyses of the first map, released last fall, suggest that the ribbon is somehow ordered by the direction of the local interstellar magnetic field outside the heliosphere, influencing the structure of the heliosphere more than researchers had previously believed.

* Content, with slight variation, from Nexus, New Times, December 2010-January 2011, Vol. 18, No. 1.

**The knot feature seen in the northern portion of the ribbon in the first map stood apart from the rest of the ribbon as the brightness feature of higher energies. What we are seeing is the knot pulling apart as it spreads across a region of the ribbon. IBEX principal investigator and an assistant vice president at Southwest Research Institute in San Antonio, Texas.*

<http://tnyurl.com/35msrm6>

In this we see:-

Beginning, Three Twists, Ending.

Energy bonding of Creation and Spiritual would create an action in the process of bonding, such as this:-

Beginning, Three Bondings, Ending.

Could this be a magnification of the formation for life force containing both Creation and Spiritual?

It is at this stage purely interesting observation, which correlates to our own resolvements of formation of the life force.

The inertia of the atoms creates the motion, relative to its moment of inertia, at any given periodical time, creating its motion. Just as the rotation of the earth is similarly in a state of rotation, etc.

* Content, with slight variation, from Nexus, New Times, December 2010-January 2011, Vol. 18, No. 1.

This is at this time purely an interesting observation, of certain mathematical coincidence.

In such research it is always essential to observe and analyse. It is also helpful to have an understanding of what one is looking for.

Gematria

Notation:

We previously used Gematria to value the word “God”, which then mathematically is 26, which happens to coincide with NC26.

NC26 and NC28 each divided by base 4 equal 6.5 and 7 respectively and added together equal 13.5.

Thence: $13.5 \times \text{“God” (26)} = 351$
 Nature’s Binder $\text{NC27} \times 13 = 351$
 Just as the Product of 1 to 26 = 351

Cross

Checking:

$142857 + 153846 = 296703$
 Which at times becomes 307692

The previous balances of $7.55 \times 2 = 15.1$

Therefore let us take a cross checking:-

$296703 \div 15.1$ (five times) = 0.38
 $307692 \div 15.1$ (five times) = 0.39 \longrightarrow variation = 0.01

The Original

Base Energy:

In expanding on the more precise figures as shown in the calculation of a bonding action under the heading **Formation** on page 2 of this paper, we can see that:-

$$\begin{array}{r}
 142857 \div 10989 = 13 \text{ (code of Energy of Creation)} \\
 + \underline{10989} \\
 153846 \div 10989 = 14 \text{ (code of Energy of Spiritual)} \\
 + \underline{10989} \\
 164835 \div 10989 = 15 \\
 \\
 461538 \div 10989 = 42 \\
 \\
 296703 \div 10989 = \text{NC27 (combination Energy of Creation} \\
 + \underline{10989} \qquad \qquad \qquad \text{and Energy of Spiritual)} \\
 \text{Reverse } 307692 \div 10989 = \text{NC28 (reversal of combination)}
 \end{array}$$

$$10989 \times 15 = 164835 - 142857 = 21978 = 10989 \times 2$$

$$296703 - 10989 = 285714 \div 10989 = \text{NC26}$$

$$10989 = \text{NC27} \quad \text{It is the Basic Energy of both} \\ \text{Energy of Creation and Spiritual Energy}$$

$$\text{Energy of Creation } 142857 + 142857 = 285714 \div 10989 = \text{NC26}$$

Summary: Two particles of Energy of Creation \div by the Basic Energy **10989** (NC27) produces NC26.

The two energies, Creation and Spiritual, are shown to consist of a singular identical energy, but in a varying quantity, which thereby alters the structure.

It is shown herewith that NC27 whose Code is **10989**, is the Code of this singular basic energy which includes all of that of Creation and Spiritual.

Remarks:

We have taken the research and resolvment of the Creation of Life Force, the Energy of Creation and the Energy of Spiritual, in a singular particle of Energy, beyond that of any other person.

It has been an exhilarating challenge to attempt to resolve such knowledge, which has previously been evasive to mankind.

Even though mankind has and does in general fail to grasp the benefits achievable from such Intellectual knowledge, it is thus still a challenge to the great academics and philosophers to polish up such resolvments into yet greater clarity for mankind.

This then is a challenge which I bequeath to mankind.

Now, who has the academic ability to rise to the challenge which still therefore does exist?

The universities and academics which we know are currently seeking the identity of "Life Force" may find assistance within this paper.

THIS WE HAVE SEEN AND KNOW
