Dear Prince Leonard,

I wish to express my deepest condolences on the loss of your wife, Princess Shirley. The thoughts and prayers of my entire family go to you and your family at this difficult time.

I would like to share something that someone told me upon the passing of my father some years ago. "Death is not the end of anything. It is just one more experience we go through on our journey of discovering that life is eternal."

May God be with you and yours today and always.

Best Regards,

A handwritten signature in black ink, appearing to read "W. B. Speir, Jr.", written in a cursive style.
